All-Purpose, Fundamental Frame Colors

White

Gray

Putty

Brown

Black

Our frame selection features stylish hues that are beautiful...bold...and businesslike. Their universal appeal and value enhance any message or moment. Choose from among our fundamental colors when you need an economical solution in proven color schemes for virtually any situation.

Deliver Your Message in Style

Professional-looking Sign-Mate frames accentuate your words and give them added impact and visibility. Look at just a few of the ways they can highlight your message.

Combine colors and panels to form interesting directories, then change one name or more whenever the need arises.

From large numerals to small text, Sign-Mate frames create images that are letter-perfect.

For many more helpful examples depicting the numerous uses of Sign-Mate frames or for information on additional Scott sign-making products, please visit our related websites. They include www.scottmachine.com and www.scottautograver.com.

VISITING HOURS

**2 - 4 pm
7 - 9 pm**

Make your sign inviting—engrave an accent line around your text, then place your sign in a frame with an attractive, complementary color.

When the opportunity knocks, use neutral-color frames to make signs of any color look at home on walls of any type.

Contemporary Stands

Attach your Sign-Mate signs, with tape dots, to our specially designed **Slant Stands** that are ideally suited for desks and countertops, where the angled design provides maximum viewing efficiency. You'll be pleased to know that these stands are available for every frame size that we offer. So whatever selection you make, it's sure to stand the test for durability, quality and a smart, professional look.

Scott Machine... The Sign-Framing Standard

Sturdy and stylish, low-cost Sign-Mate® frames give you the high quality standard that only comes from Scott Machine Development Corporation. Sign-Mate frames are made of high-strength, molded and textured plastic in five professional-looking colors. These durable frames easily adapt to Scott sign inserts or other engraved or vinyl-lettered sign panels up to 1/8" thick. Their **square inside corners** line up naturally with the inserts, while the rounded outside corners are aesthetically pleasing. The frames are just as simple to install...on walls, doors, fabric, metal or even textured concrete. The frame backs offer many mounting options, from permanent screws to removable tape. Though Sign-Mate frames are **tamper-resistant**, messages can be interchanged with a handy suction cup. Utilize these versatile sign holders, available in 11 sizes, for desk name bars, door signs, directories... anywhere quality signage needs to make an impact!

Your sign panel is easily engraved or vinyl-lettered, using materials up to 1/8" thick.

Tape or hook-and-loop fasteners hold the insert securely in the frame.

The insert is installed effortlessly. You can interchange messages with a handy suction cup.

Attach your finished signs to walls or doors...or use the contemporary stands on desks and office partitions.
